

## **To all sponsored Secondary School Students**

We are a small Swiss Charity Organization. We are able to sponsor only a small number of orphans and very poor students who performed very well in the KCPE. We have a limited number of governmental Secondary Schools we can consider.

### **Conditions for the Scholarship**

- 1. Usually we pay fees and others to a maximum of KSH 50'000 annually.**
- 2. It is a must to ask for assistance from other organizations like churches, C.D.F. etc. and communicate to us where you applied and how much you got. You have to raise at least KES 5'000.- per year for the fees by yourself.**
- 3. The student has to perform with at least a B- in form 1 and C+ in form 2 and above. The position has to be in the first third of the class/stream.**
- 4. The student has to send by e-mail in the 1<sup>st</sup> week after the school closed down 1 Scan containing:**
  - **the personal letter, termly report form, fee structure, newsletter and any other information of the school and all the receipts.**
  - After sending the documents by e-mail it is up to the student to contact Jackline not later than in the second week of the holidays to know if everything is complete and okay. You have to scan the documents complete and in good quality and send them to us (addresses see below).
- 5. We stop the support if:**
  - The performance is low in two consecutive terms.
  - The above mentioned documents arrive too late or incomplete or the personal letter is not carefully nor legibly written. In case you didn't perform as expected you have to explain the reasons in the personal letter.
  - If Jackline was not contacted at all.
- 6. At least once a year the sponsor and the representative have to see the student.**
- 7. We are expecting complete transparency: any change of the family and/or financial situation has to be communicated to us immediately. We don't accept any hidden agenda or any cheating.**

**In case of any problem or change you have to contact Jackline immediatley.**

We wish you a successful start and may God bless you!
