

CDF FLYER

A REMINDER TO ALL SECONDARY STUDENTS

1. We require all students to apply twice a year for CDF. This can be in December and April.
2. We as well expect that each student **to raise part of school fees, at least 5,000 a year.**
3. Students can request this support from area MP, MCA, Church and any other organization available.
4. We then would like to know when you applied, which should be indicated at the back of the personal letter you always write termly. Whether you got it or not, it has to be communicated. Write down the amount you got and the date.
5. All students must comply and failure to do so there will be consequences.
